

# Regional Land Elevation Maps: Wellington

Published in conjunction with the report  
*Preparing New Zealand for rising seas:  
Certainty and Uncertainty*

November 2015

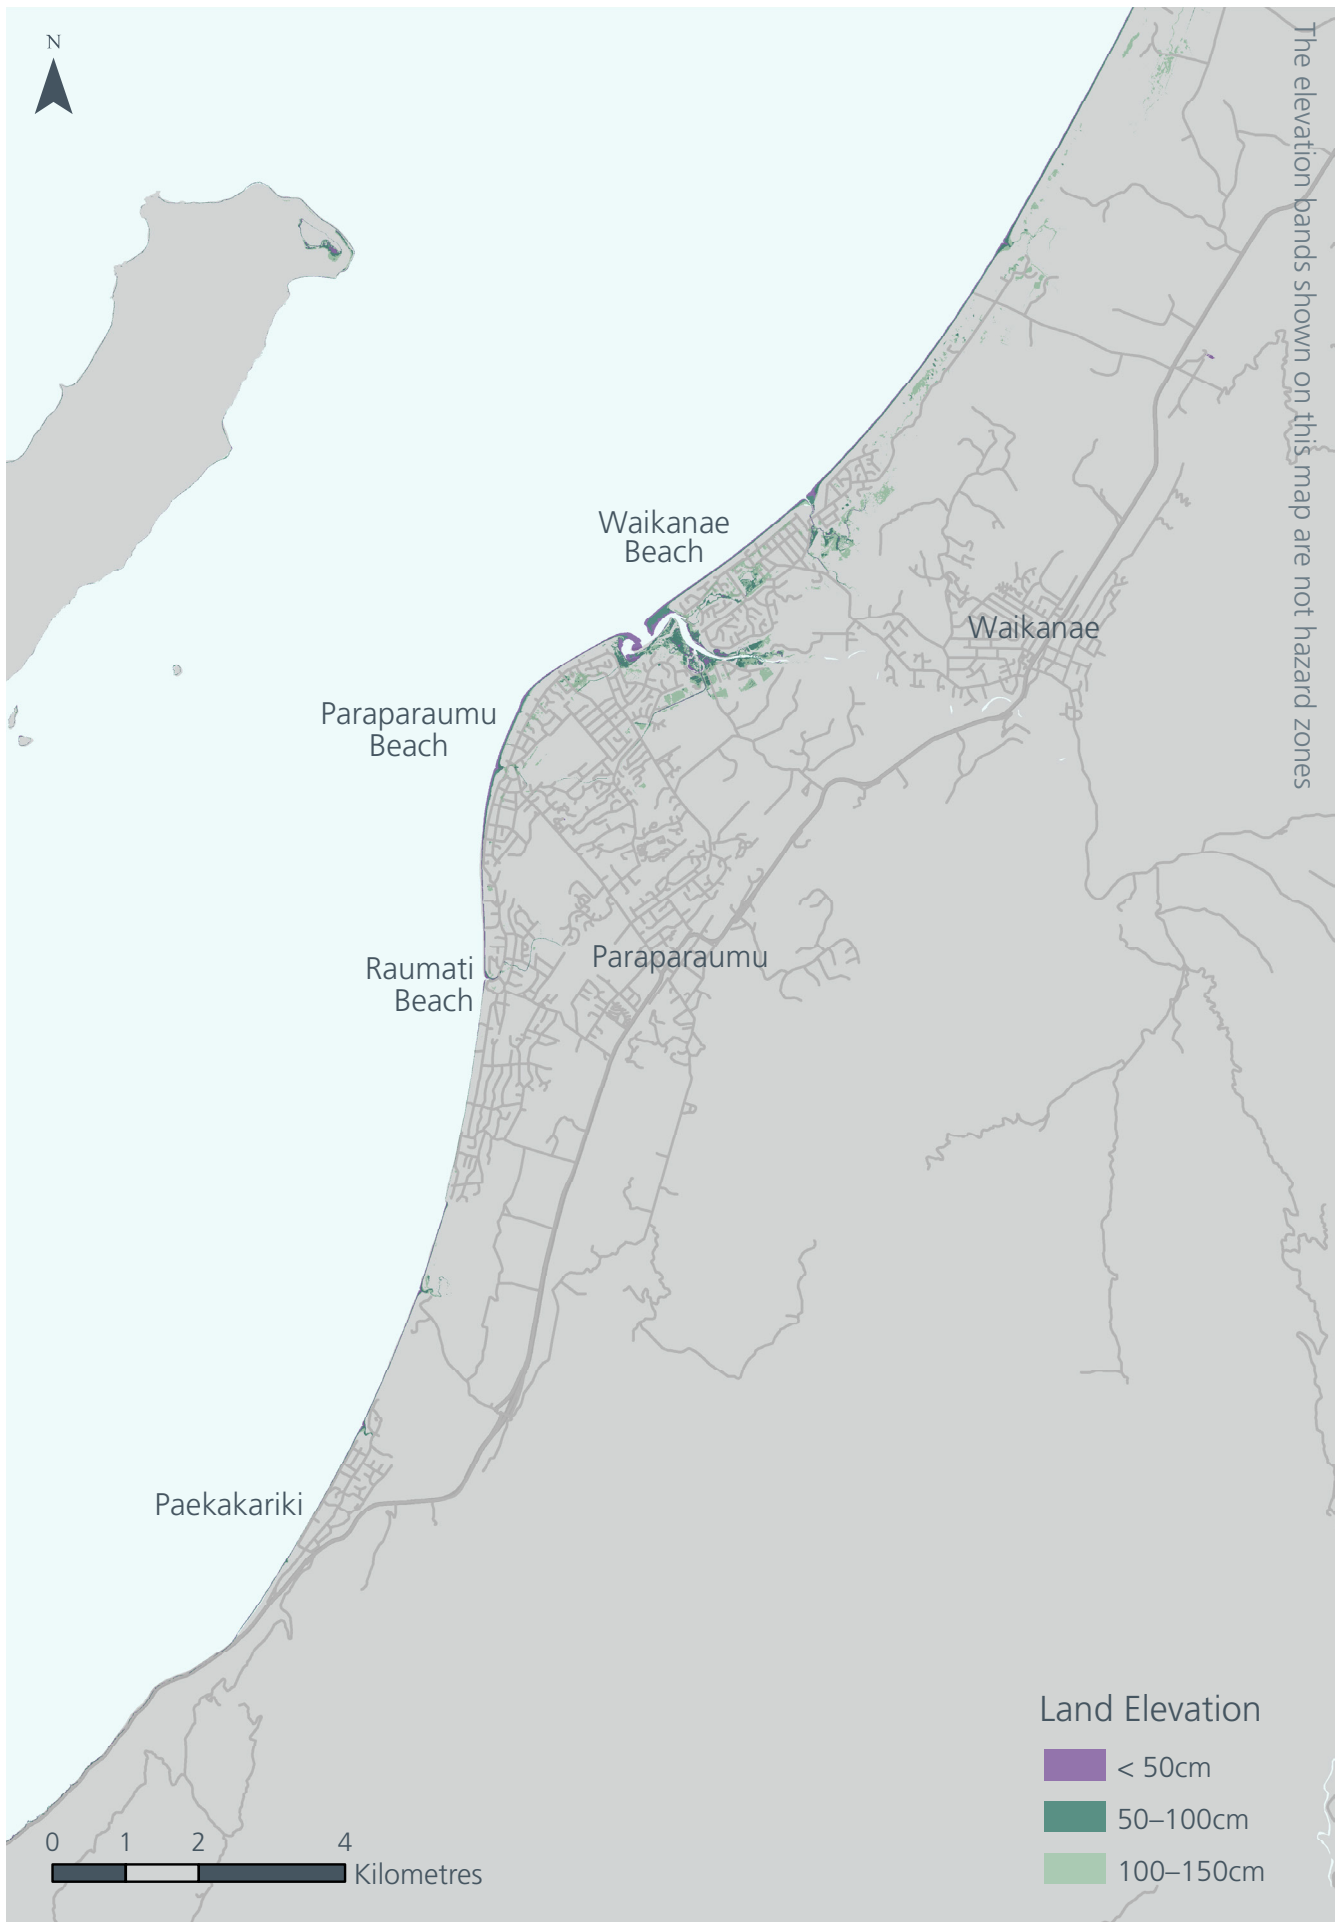

Parliamentary Commissioner  
for the **Environment**  
Te Kaitiaki Taiao a Te Whare Pāremata

**Note:** the maps in this document show land elevation only. The elevation bands shown on the maps are not hazard zones and should not be interpreted as such. Land elevation is shown above mean high water springs levels (MHWS-10). Detailed elevation surveys, using LiDAR technology, have not been carried out for the entire New Zealand coastline. For further information please see the full report and accompanying technical reports.

**Low-lying coastal land in Otaki and Waikanae.**

**Low-lying coastal land in Raumatī, Paekakariki, Paraparaumu, and Waikanae.**

Low-lying coastal land in Wellington and Lower Hutt.
